

Dear <MP name>

Two Palestinian women living in Sheffield have set up a Justice Now Camp outside Sheffield town hall since Friday January 5th.

Horrified by the silence of the media and the complicity of the UK government with the genocide happening to Palestinian people Lena Mussa and Sahar Awadallah have these demands

- 1/ Sheffield council to declare Sheffield an Israeli Apartheid Free Zone
- 2/ That the UK government investigate British citizens who have joined the Israeli Defence Force and bring criminal charges and cease its support for the Israeli army
- 3/ There is an immediate ceasefire, an end to the occupation, and a just political solution based on an end to discriminatory apartheid policies, settler-colonialism and ethnic cleansing.

I am urging you as my parliamentary representative to visit them and listen to what they have to say.

I look forward to hearing what you have to say after you have visited.
